

Monday 19th June 2023

Dear families,

We are Changing Our Lives. We are a rights based organisation. We work alongside disabled people and families. A lot of our work is about making sure that people with learning disabilities get the good healthcare they are entitled to.

NHS England have asked us to do a piece of work about the support that people with learning disabilities get in hospital. We want to speak to people with learning disabilities and their families who have recently been to hospital. We know that some people have really good experiences in hospital and some people find it more difficult. We want to hear what worked well and what can be done better.

We can be flexible to make it as easy as possible for you to take part. We can have a conversation at a time and in a way that works for you.

If you are interested and want to find out more you can ask the person who gave you this letter, or you can call me on **07498 025638**, or email me on **annemarie@changingourlives.org**

You can find out more information about Changing Our Lives on our website **www.changingourlives.org**

I look forward to hearing from you,

Anne-Marie Glasby,
Senior Development Officer,
Changing Our Lives
